

PRIVATE LABELS

new generation products, to ease processing & improve finished product quality

NEW GENERATION PRODUCTS - PRIVATE LABELS

We are developing products that make the following easier for all polymer based products

- a. Improved processing
- b. Easier to formulate compounds
- c. Improved compound costs.

These are products developed by us, after years of understanding Indian processing conditions, machinery & skill sets.

Please get in touch with us at contact@ramcharan.org for more details.
